COMMUNITY MEETINGS AND EVENTS

- **Lake Ballinger Citizen Steering Committee Public Meeting at 7:00 p.m., September 11, at the Mountlake Terrace Senior Center (23000 Lakeview Drive, Mountlake Terrace.):** In recent years, Lake Ballinger residents and users have reported that they can no longer enjoy activities such as boating, kayaking, canoeing, swimming and fishing due to the thick aquatic plant beds that cover most of the nearshore area of the lake. The overly dense aquatic plant growth also greatly impairs habitat and water quality for fish and other aquatic species. An aquatic plant survey completed in June 2018 found that the non-native invasive species Eurasian watermilfoil (a Class B noxious weed in Snohomish County) and Fragrant Water Lily (a Class C noxious weed in Washington State) dominate the aquatic vegetation community in Lake Ballinger. Native aquatic plant species are being shaded out by the dense stands of non-native invasive plants.

In order to address the issue, a steering committee of residents has established management goals and recommended a control strategy involving cutting/raking of the vegetation, burlap barriers along the bottom of the lakeshore, and small amounts of aquatic herbicide applied to 25 percent of the lake May through July 2019. The draft strategy will be discussed at a public meeting at 7:00 p.m., September 11, at the Mountlake Terrace Senior Center (23000 Lakeview Drive, Mountlake Terrace.) Community input will be integrated into the final plan.

- **Coffee with the City September 12:** Join City Officials for a casual conversation and a cup of coffee. Residents, business owners and others from the community are invited to hear what's going on in the city, provide input about city services and events, and ask questions. This casual monthly event is scheduled at the Recreation Pavilion, 5303 228th Street SW on Wednesday, September 12, 2018 from 6:00-7:00 p.m. in the Jungle Room.
- **Trillium Apartments Grand Opening September 18, 2018:** The Housing Authority of Snohomish County (HASCO) announced that Trillium Apartments, formerly known as Tall Firs, in Mountlake Terrace have been renovated to provide affordable housing to 40 households of people ages 62 and older. The complex will hold a grand opening on September 18. The property is located at 23000 55th Avenue W.
- **Mountlake Terrace Elementary School Dedication, September 19, 2018:** The Edmonds School District is holding a dedication ceremony of the new Mountlake Terrace Elementary on Wednesday, September 19 beginning at 6:00 p.m. at 22001 52nd Avenue W, Mountlake Terrace 98043.

COMMUNITY & ECONOMIC DEVELOPMENT UPDATES

- **Creekside Meadows Subdivision and PUD:** A revision to a proposed development on a nine-acre site located at 70th Avenue W and 226th Place SW has been received. The revision

increased the number of single-family homes from 49 to 56 by changing the building type mix (narrower homes). The proposal clusters many of the homes around a common green. Some of the design changes include more homes with direct access to the common green, an improved and comprehensive pedestrian circulation system and a double-loaded alley to access garages. On-site stream and wetland buffers on Hall Creek are being enhanced. An open house on the proposal is planned, and public meetings/hearings for preliminary approval are scheduled toward the end of the year.

- **Terrace Station:** Construction progress on the site is rapidly connecting the new roadway with 236th Street SW (although it will not be open for some time to come). The building permit for the first of three buildings has been issued, and the foundation for the box culvert over the onsite tributary to McAleer Creek has been poured.
- **New Proposal in Town Center:** A pre-application conference application has been submitted to discuss a redevelopment proposal for the former Pet Care Clinic on the corner of 56th Avenue W and 235th Street SW. The site is located in District B, which allows structures up to five stories in height for property that is larger than this one. The proposal appears to be a three-story commercial building with frontage improvements on 56th and 235th.

One of the officers heard a cry for help coming from inside the residence. The officer was able to see the male through a back bedroom window and see that the homeowner was lodged between his bed and items in his bedroom. The male was emaciated, dehydrated and his leg was inoperable. Entry was made through a bedroom window and aid was requested. The male stated that he had been stuck for four days. The male was transported by aid to Swedish Hospital for treatment.
- On August 31, 2018 at 10:14 p.m. an officer observed a vehicle traveling at a high rate of speed going south bound on 56th in the 22900 block. The officer stopped the vehicle and based upon the poor driving and other observations the officer placed the driver under arrest for DUI. A warrant was written and obtained for a blood draw of the suspect's blood. The driver was taken to the Snohomish County Jail for the blood draw and was then booked for DUI.

The third suspect was contacted later and he admitted to participating in the theft of the mail and will be charged.
- On September 3, 2018 at 3:44 p.m., officers were dispatched to the 23300 block of 50th Avenue W for a report of a hand grenade that was found in the back yard by landscapers. Upon arrival, the grenade was located in the back yard partially buried in freshly cut dried grass. The grenade was rusted and appeared to have the safety pin still in it. The house was not occupied and was in the process of being extensively remodeled. A member of the Snohomish County Bomb Squad arrived and safely took possession of the hand grenade which turned out to be inert.
- On September 4, 2018 at 12:12 p.m., officers responded to the Lakeside Apartments for a welfare check. A mother was requesting assistance on checking the status of her daughter who allegedly has a very abusive boyfriend. She was concerned because she found her daughter's car damaged in the lot and the daughter was not answering the door. With the help of family members officers were able to speak with the very reluctant daughter. The daughter/victim had a swollen black eye. Code Enforcement Property of the Week

On April 17, 2018, Code Enforcement received a property complaint involving a motorhome parked on the front lawn (unimproved grass surface), located near the 4700 block of 233rd St SW. Upon verification of the complaint, Code Enforcement issued a series of civil notices over the course of several weeks for the following; 8.15.050.B.4-(Recreational or utility vehicles stored in a front yard shall be parked on an improved surface, or on a maintained surface), 8.15.050.B.1-(All motor vehicles that are junk, inoperable or unused for 30 days or more shall be stored inside a fully enclosed structure) and 8.15.050.B.2-(Motor vehicle's belonging to a person other than a resident may not be stored on a property outside a fully enclosed structure). After making initial contact with the person responsible for the RV, and learning the vehicle was inoperable, communication with the resident diminished. A Notice and Order was issued, returned "unclaimed" and later posted on the property. Code Enforcement was eventually contacted by the owner of the RV. They were given a reasonable amount of time to comply with the order. On August 26, 2018, the RV was removed from the property.
