- **City Hall & Police Station Addition:** On July 1, 2019, the City Council approved the Arts Advisory Commission recommendation to continue working with Louise McDowell and CJ Rench for the purpose of creating two distinct sculpture artworks for the Civic Campus Redevelopment project. Each artist will be meeting with the Commission to collaborate and discuss refining proposed concepts; a special commission meeting is scheduled for July 9, 2019 subject to the availability of the artists.

- **Coffee with the City July 10:** Join city officials for a casual conversation and a cup of coffee. Residents, business owners and others from the community are invited to hear what's going on in the city, provide input about city services and events, and ask questions. This casual monthly event is scheduled at the Recreation Pavilion, 5303 228th Street SW on Wednesday, July 10, 2019 from 6:00 - 7:00 p.m. in the Jungle Room.

The evening's grand finale included a fireworks show over Lake Ballinger.

CITY CLERK AND COMMUNITY RELATIONS UPDATES

- **Firework Signage:** Several weeks ago the city installed signage to alert the community that the use, discharge and sale of fireworks is illegal in the city. Fifty new signs were purchased and placed around the city, including all parks. The city has done a significant amount of notification about fireworks laws and encouraging the community to respect their neighbors and attend a public display in lieu of violating fireworks laws. Some of those notifications include news releases, city newsletter article, Facebook, Twitter, Instagram, website spotlight,

Notify Me subscription, Pavilion electronic sign, and website alert on the homepage. The last chance for residents to view a public fireworks display in Mountlake Terrace this summer is at Tour de Terrace on Saturday, July 27 (10:00 p.m.) at Evergreen Playfield.

- **Website Redesign:** Take a few moments and navigate through the city's new website. Both "Quick" and "Helpful" links have been added to the bottom of our homepage, as well as contact information for City Hall and the Recreation Pavilion, to make it easier to find the most accessed and searched webpages. Stay informed and visit www.cityofmlt.com.

COMMUNITY & ECONOMIC DEVELOPMENT UPDATES

- **Current Development Activity:** The Community and Economic Development and Engineering staff are currently processing more than 20 land use development applications. The type of development is split roughly between subdivision of property for fee-simple unit lot ownership and single family residential lots. They will add a substantial number of new single family residential housing in the city.

The applications are comprised of the following residential units:

- Townhomes in land use review totaling 78 residences
- Single-family lots subdivisions in land use review for 27 homes
- Civil construction plan review for 31 townhomes
- Civil construction plans for 56 single family lots
- Projects with pending submittal for processing totaling 107 residential units

The sum total of residential units is 299 units: 192 approved or pending construction, and 107 expected in the coming months.

Civil, building, electrical, mechanical, plumbing, and in some cases, fire permits need to be processed for each residence. This activity does not include individual home construction.

In addition, other projects staff is processing include Sound Transit's Conditional Use Permit (CUP) for light rail and reuse of Roger's Market site for interim temporary parking, the Civic Campus (City Hall) site development plan and boundary line adjustment applications, Premera Campus Renovation (a five-year phased proposal), and a street vacation.

- **Civic Campus Redevelopment:** Review of a site development plan to proceed with construction of the new 18,600 square foot City Hall and 3,100 square foot expansion of the Police Station is in process. An intake meeting was held June 7. Revisions are being made to the submittal materials. A SEPA determination of non-significance has been made and was issued June 28. A boundary line adjustment is necessary to reconfigure existing parcels on the civic campus so new construction does not cross the site's internal property lines. The civic campus is located on the southwest corner of 232nd Street SW and 58th Avenue W; current development includes the library, police station and fire station.
- **Premera Campus Renovation:** The Premera Blue Cross headquarters is located between 216th and 220th Street SW and the interurban trail and 68th Avenue W (primary site address is

7001 220th Street SW). Premera Blue Cross has submitted a proposal to renovate their 39+ acre campus to replace Building 1 with a facility that provides more on-site amenities for employees and to make minor modifications to most of the four other buildings. A site development plan application was submitted June 21 and is being revised to meet filing requirements. The proposed work includes a new Building 1 with a smaller footprint, removing nearly 200 parking spaces, creating more open space, changes in circulation, and pedestrian friendly street frontage improvements on 220th Street SW and a portion of 216th.

- **Creekside Meadows PUD:** A demolition permit has been submitted for the former Creekside Church building complex at 7011 226th Street SW. The demolition will begin mid-late July. This work precedes clearing and grading work to install soldier pile walls along the east side of the property. Significant earthwork will take place. Heavy equipment will need to use designated truck haul routes in the city and adhere to the noise ordinance.
- **New Terrace Townhomes:** A 12-lot fee simple townhome development located at 4907 216th Place SW, has submitted for their civil construction permit to construct frontage and onsite improvements.
