

LAND USE ELEMENT

ACTIONS TO TAKE

To help carry out this chapter, the following action steps are needed in the time frame described. Other actions may be undertaken in succeeding years.

- By 2004, discuss, with the county and adjacent cities, ways to provide compatible standards and levels of service.
- To amend the population target numbers as they exist in 2003 with the amended numbers as they will exist in 2004, as adopted by Snohomish County Tomorrow, and adjust all the numbers accordingly.
- In 2004, identify an appropriate performance measure for the Land Use Element.
