

# Sound Transit Link Light Rail Open House

Wednesday, January 23, 2019

## COMMENT SHEET

### Comments and concerns.

- I'm disappointed that this project doesn't appear to be offering much benefit for my family and neighbors in the NW corner of MLT. Please consider:
- 1) Adding future plans for a 220<sup>th</sup> St station.
  - 2) Do not eliminate community transit commuter buses on 220<sup>th</sup>. They are more convenient than rail without #1 above.
  - 3) Like everyone else, I see the lack of additional parking as a major mistake. Please include a second parking garage at transit center in future initiatives.
  - 4) Residents of the Melody Hill area deserve some parkland for what they'll have to endure.
  - 5) Having a friendly trail system for walking from both the north and east to transit center would be appreciated. The transit center is not in a great location for most people.

If you would like the city to include you on the notification list for the Sound Transit Link Light Rail project land use, please provide your name and email address. Thank you.
