COMMENT SHEET

Comments and concerns.

I am concerned about parking. I live close to the planned station. My neighborhood is currently impacted by transit station parking on 64th Ave. The city has not responded well to our concerns. 64th is a main way to 236th and is too narrow for parking as 2 cars cannot pass when cars are parked on it. There is no sidewalk or street lights. People walk in the street. The rail station will cause more issues. What is being done

If you would like the city to include you on the notification list for the Sound Transit Link Light Rail project land use, please provide your name and email address. Thank you.
